### CLUB WOMEN

#### PLAN WORLD'S

#### BIGGEST MEET

The woman will not be a candidate for reelection this year, and now comes a question of her successor. The most important and most important name of names besides the name of the country keeping its personal record. The two candidates for the office with the activities of women in the new Samuel R. Sneath of

Tiffin, O., and Mrs. Josie Stearns of Los Angeles. The third candidate is at present Miss Alice President of the Federation, and is a fine woman of wide experience. Miss Stearns whose name has been forwarded by the California women

has also been prominently identified with the federation several years as director, treasurer, and chairman of various committees.

In the words of Miss Little E. Stearns, one of the directors of the federation, the business of being a club woman is a big business and is getting to be bigger business every day. This is apparent from the elaborate program that has been arranged for the convention. The topics indicate an increasing wide range of affairs in which the club women are taking not only an interest but an active part. There was a time, for instance, when the New York City Federation of Women's clubs could report on all of its activities at each convention, but now, says Mrs. Eugene J. Grant, the president of the City Federation, it takes the six conventions of an administration to get through the reports of the thirty-eight committees which have developed.

#### Object of Federation.

The General Federation has as its broad object the furtherance of every movement in the interest of women, children and mankind in general, and the program calls for reports and discussion by committee on art, child welfare, civic, civil-service reforms, home economics, conservation, industrial and social questions, legislation, education, literature, music, public health and under those headings come subjects ranging all the way from making pictures to international relationships. One important announcement that will be made at the convention is the fact that the federation has raised an endowment of \$100,000. The plan to raise such a sum was voted at the federated convention in 1910, and now that the sum has been realized it will be invested in trustees, the interest being used to help carry on the work of the General Federation.

Many women prominent in New York club life will take their turns as hostesses to various sections of the great gathering. Mrs. Thomas A. Edison for instance, will be one of the first to entertain the women; after him at Llewellyn Park, N. J. Mrs. John Hayes Hammann will be hostess at a luncheon to all of the state presidents. Mrs. William Tolpetham, will be hostess at a dinner club women's dinner, and in addition there will be luncheons and dinners and other entertainments at various women's clubs. A Shakespearean matinee, a reception at the Metropolitan Museum of Art and a number of other outside features will be included.

be sooted cigarettes or the makings thereof, but does not prohibit the sale of such articles. Here is the chicken law.

#### Oklahoma Chicken Law.

Any person who shall take, steal and carry away any domestic fowl or fowls in the nighttime from the mass estate of another or from the premises upon which the dwellinghouse of another is situated, and any person purchasing or receiving such domestic fowl or fowls knowing them to have been stolen, shall be guilty of grand larceny, regardless of the value thereof, and upon conviction shall be punished by imprisonment in the penitentiary not exceeding five years or by fine not exceeding \$200, or by confinement in the county jail not exceeding two-months, or both such fine and imprisonment."

The author of this punitive eight mile employed the term "measurage" in describing the chicken-infested area wherein the law was operative in the course of the debate some less exuberant statesman wanted to know what the word meant. He declared that the term was not broad enough, if it meant the place where automobiles or flying machines are housed, as some people maintain houses separate from their garages and hangars. So the supplementary expression "or from the premises" was inserted.

Many state legislatures have dealt lately with the subject of tips. Some states have laws that prevent the purchase of a cigar on Sunday and most of them make it a grievous offense and misdemeanor for a man to get shaved on the Sabbath day.

One of the growing lines of activities on the part of legislatures is the enactment of laws prescribing who shall be permitted to engage in cer-
